Premium rate 2027

The Board of the Norwegian Natural Perils Pool (NP) decided at its board meeting on 25 June 2026 that the premium rate for natural perils insurance, effective from 1 January 2027, shall be 0.1 per mille of the fire insurance sum insured.

The premium is determined in accordance with the provisions of the Regulations on Natural Perils Insurance, Section 22:

“The premium rate shall be determined annually by the Board of the Pool, taking into account that the total premium income over time shall correspond to the costs referred to in Sections 29 to 31 and 36 to 38. Based on an actuarial assessment, the Board shall seek to establish a risk-based premium rate.”

The premium rate for natural perils, effective from 1 January 2027, will be 0.1 per mille of the fire insurance sum insured.

Best regards,
Norwegian Natural Perils Pool

Marianne Sundvall
Managing Director
