SAFETY WARNING

BDS Suspension Co. recommends this system be installed by a professional technician. In addition to these instructions, professional knowledge of disassembly/ reassembly procedures and post installation checks must be known.

INSTALLATION INSTRUCTIONS

1. Park the vehicle on a clean, flat surface and block the rear wheels for safety
2. Raise the front of the vehicle and support with jack stands under the frame rails. Remove the front wheels.
3. Using a pipe wrench, remove the factory bump stops from the mounts (4 places).
4. Measure up the threads 1/2" and cut off the threads. A cut off wheel is recommended. Clean the threads so that the bump stop can be threaded into the extension.
