WHY RIB?

UNSINKABLE, SECURITY
The buoyancy tubes of Zodiac boats have several compartments, separated by waterproof partitions. Thanks to its important air reserves, the boat keeps its ability to float and stays conceptually unsinkable when fully loaded, even with a deflated compartment.

REASSURING STABILITY
The buoyancy is distributed on the sides, the center of gravity is very low: all this guarantees stability such that the Zodiac boats are almost impossible to capsize when loaded!

EXCEPTIONAL LOAD
You counted right! There are 12 football players onboard this Zodiac boat. The Zodiac boat has an exceptional weight / area below-water ratio, giving the boat a load-bearing capacity such that it can carry considerable loads.
Due to its power-to-weight ratio, RIB consumes less fuel. You need a smaller HP engine to perform the same as traditional hulls.

Built-in fenders, less stress when docking. When maneuvering, the boat will bounce without damage if it happens to lightly tap a dock or neighboring boat in the harbor.

Available on most of its models, the buoyancy tube is equipped with a heading engaging in a groove joined with the hull. The waterproofness is guaranteed by the pressure inside the tube.

Entirely removable. The tube can be taken apart and folded, which allows for easier maintenance, repair, transportation and storage.

Nothing easier. The tubes can be removed from the hull – ideal to renovate or restyle your boat at a lesser cost.

When buying and when maintaining, the semi-rigid is less expensive than a hull. In most cases, no need for a vehicle made for towing.

Entirely removable. The tube can be taken apart and folded, which allows for easier maintenance, repair, transportation and storage.

Nothing easier. The tubes can be removed from the hull – ideal to renovate or restyle your boat at a lesser cost.
A TRUE 4X4 OF THE SEA

MORE SEA-CENTERED

It’s unique combination of a very low center of gravity, a deep-V hull and added stabilization of the tubes which gives the rigidhulled inflatable speed and sea-crossing capacities without compromising comfort or safety.
QUALITY

THE HULL

Its internal structure in rot-resistant polyester, built with a spar and floors network, guarantees a single-block linking between the hull and the deck. This process brings a rigidity, favorable to performance and a resistance to impact endured while navigating, in all types of loading conditions.

THE TUBES

Zodiac Nautic developed a unique industrial process to assemble its buoyancy tubes: thermobonding. This process consists of welding the pieces of Strongan™ material together to offer a perfect material that is both waterproof and durable, almost indestructible, quality of assembling – greater than the material’s resistance itself. Zodiac Nautic is the only manufacturer to master the welding of all structuring materials of an inflatable boat, thus guaranteeing exceptional longevity and security.

QUALITY TEST

Zodiac Nautic selects with care the materials that constitute its boats, following strict, nonstandard functional specifications. Zodiac Nautic probably is the only manufacturer to subject its new boats to a battery of tests in navigation in extreme conditions. Be sure of it, your Zodiac boat will follow you everywhere and for a long time to come. Opposite: a test of 2-meter fall

RANGE
MODULARITY
A true swiss-army knife, useful in all activities, the Open is the cross-over of the seas. The versatility of this rigid-hulled inflatable has been thought out in every detail, so that you can live your passion for the sport. Its conception allows it to be easily transportable, even when the tubes are inflated, and adaptable to your activities: trips, waterskiing, wakeboard, sun-bathing, etc.

NEW BUMPER CONE
Soft and shock absorbent material, easy access to the swimming ladder.

TILT FORWARD CONSOLE
Easy maintenance or store in the garage.

DEEP ‘V’ FIBERGLASS HULL
Combining comfort and performance in strong seas.

MOLDED SELF-BAILING DECK
Clean up easily, safety and maintenance user friendly.

LARGE DIAMETER REMOVABLE TUBE
Functional, stable and safe.

MOLDED INTERNAL BAILING TUBE
Functional, easy to drain water from the boat.

DEEP ‘V’ FIBERGLASS HULL
Combining comfort and performance in strong seas.

EXCEPTIONAL STORAGE VOLUME AND LARGE FUEL TANK FOR MORE AUTONOMY.

OPEN

PERFORMANCE

With excellent stability at sea thanks to its V-hull and its optimized deck plan for better movement onboard, the Open offers exceptional cruising. It is the perfect balance between performance and comfort. You can enjoy any day at sea with family and friends whatever your passion may be.
FLUID FLOW
• With plenty of room to move around, it fits
• Up to 12 passengers for the Open 5.5 and up to 16 for the Open 7

ERGONOMICS
OPTIMIZED USE OF SPACE
• Leaning post: protected and practical
• Optimal deck width
• Removable backrest

BACK BENCH
LARGE & SAFE
• Modern design with side supports
• Removable upholstery
• Integrated cooler 14 Gallon (54L)
The optimization of storage areas on the deck, accessible through the movable console, offers a more-than-generous space for all your gear (skis, fishing, diving, security). Choose according to your taste the activity you want to do.

N-ZO PREMIUM CRUISING

Design | Comfort | Ergonomics

760
700 CABIN
680
600
"A unique and avant-garde line: the N-ZO embodies Zodiac Nautic’s innovative traditions. A pure jewel of the seas, N-ZO is the perfect synthesis of Zodiac’s savoir-faire and the pureness of a premium design – tube in a S-shape and rigid nose."

N-ZO DESIGN
The N-ZO’s are leisure boats to share and entertain comfortably. Whether at anchor or cruising, every aspect of this boat has been designed to ensure comfort:

- The space on board has been optimized. The layout of the deck’s plans was designed to make moving onboard easier and safer.
- The “Air Console” (N-ZO 600 / N-ZO 680) allows for more mobility on deck and increases the habitability of your boat.
- The N-ZO range is equipped with a new system of front “Reverse & Sun” sun loungers which allows the installation of a large sun-bathing area in just a few seconds, just by unfolding its structure.
STANDARD EQUIPMENT

- 2 Paddles
- 4 Mooring cleats
- Navigation lights
- Repair kit/Owner's manual
- Inflator with manometer
- Hydraulic steering
- Bilge pump
- 1 battery switch
- 1 Bow ring
- Ski mast roll-bar
- LED deck lighting
- Leaning post with 12V power supply designed to receive cooler and portable cooker, equipped sink and audio system
- Aft bathing platform with telescopic ladder
- Self-bailing deck
- High storage capacity

STANDARD EQUIPMENT 700 CABIN

- Power windlass
- Electric marine toilet
- Cabin upholstery
- Wooden cabin steps
- Shower kit and Sink fittings with water tank

OPTIONS AND ACCESSORIES

RECREATIONAL EQUIPMENT

- Front Sundeck
- Front sun bath REVERSE AND SUN (factory installed)
- Back sundeck
- Shower kit and Sink fittings with water tank (factory installed)
- Refrigerator
- Refrigerator (factory installed)
- Inflator turbomax 12Volts 1000L/min
- Electric windlass (anchor not included)
- Electric windlass (factory installed / anchor not included)
- Pressure gauge
- Portable gas cooker
- Chemical toilet with fixing kit

PROTECTION

- Bimini s/steel Sunbrella silver
- Bolster mooring cover
- Console mooring cover
- Backrest cover

ELECTRICS/ELECTRONICS

- Remote control (option for Fusion RA 750 or BB 300)
- Audio system Fusion RA 750 UD with integrated Dock Radio, Blue Tooth, antenna
- 2 x Loud speakers 200 Watts
- Speakers (pair)

DECK EQUIPMENT

- Synthetic teak deck (factory installed)
- Picnic table
- Synthetic teak deck

www.zodiac-nautic.com
The deck plans allow exceptional adjustability. The movements onboard are fluid, the sun loungers are spacious and easy set up for, and the rear area is safe and comfortable. Sun-bathing, lunch or swimming. The unique comfort of the seats, the various equipment, the low maintenance upkeep of the buoyancy tubes... Every detail is the result of the experience of Zodiac Nautic and its perfect knowledge of the sea.”

Extended to 5 boats, the Medline range has been rethought with absolute priority: ease of use, at anchor or at sea. The dimensions and the weight of each boat has been optimized to obtain a perfect weight/power ratio in order to have moderate engine power and simplify the maneuvers for launching and storage.

Perfect for long trips on the sea, the Medline is a true private oasis thanks to its surface, which can be transformed into a sunbathing area. Created for long day trips, the Medline range is part of the new generation of Zodiac boats: rigid-hulled inflatable openly oriented towards leisure. The arrangement allows to transform the deck into a vast sun lounger, to create a “private oasis” area.”

The Medline is a true private oasis thanks to its surface, which can be transformed into a sunbathing area. Created for long day trips, the Medline range is part of the new generation of Zodiac boats: rigid-hulled inflatable openly oriented towards leisure. BASIC EQUIPMENT
- Furling
- 3.6 m/12'0" canvas racing sails
- Furling on outriggers (factory fitted)
- 3.6 m/12'0" canvas gennaker
- 3.6 m/12'0" canvas spinnaker
- 3.6 m/12'0" canvas stowage
- Manual furling

COMFORT EQUIPMENT
- Enamel steel 2.5 x 2.5 m/8'4" x 8'4"
- Seats: 12 positions
- Swing-out seat for a safe way to get on and off the boat
- Under console
- Sunbathing before XXL
- Hand shower under bolster
- Storage under console and underneath back seat
- XXL
- 12 seats
- Large storage under console and underneath back seat
- Approval - of 7 meters for exemption of tax
- 3 tube colors
- 3 upholstery colors
- 2 gel coat colors
- Release spring 2019

OPTIONS AND ACCESSORIES

COMFORT EQUIPMENT
- Inflator turbomax 12 Volts 1000 L/min
- Kitchen
- Electric windlass
- Electric windlass V3 (factory installed)
- Console mooring cover
- Fridge (factory installed)
- Inflator 12 Volts 800 mb with pressure regulator 450 L/min
- Audio system Fusion RA 750 UD with integrated Dock Radio, BlueTooth, antenna
- 2 x Loud speakers 200 Watts
- Remote control (option for Fusion RA 750 or BB 300)
- Approval - of 7 meters for exemption of tax
- 3 tube colors
- 3 upholstery colors
- 2 gel coat colors
- Release spring 2019

PROTECTION
- Bolster mooring cover
- Bimini s/steel
- COLOR EDITION
- RED upholstery available for the 580 and 660
**PRACTICAL**

Worthy heir of the first Zodiac boats, it kept all of their qualities: safe, stable and strong. Easy to manipulate ashore, with a pair of wheels for launching on water, it’s easily maneuverable on protected sea areas; its small draught allowing it to access and “beach” on spots otherwise inaccessible to other boats.

---

**ECONOMICAL**

Equipped with a low-power engine, it reaches honorable performances for a low budget for fuel and upkeep.

---

**FOLDABLE**

Entirely foldable, once folded and stored in its two bags, only a few sq. meters are needed for winter storage, always ready to follow you for new explorations. Available with a wooden or aluminum floor.

---

**SPORTY**

True master of the seas, its piloting provides extreme sensations. Its patented hull made of 2 additional lateral buoyancy tubes procures an extraordinary stability in small turns and absorbs with comfort small waves at full speed.

---

**FUN**

According to your program, choose the anodized aluminum, perfectly rigid version, for a loaded use; or choose the inflatable floor version for perfect practicability without sacrificing performances. United inflate 60!

---

CADET RIB POLYESTER
Elegance and strength
Built to last and generously spacious, a Cadet Rib will elegantly complete your boat. Equipped with large-diameter tubes, they’re particularly stable and able to carry many goods and passengers while keeping them dry. Their polyester deep-V-hull allow them to easily lift off water and gain comfort in small waves. Available in two colors, in Strongan™ or Hypalon™ fabric, for intensive use in tropical zones.

CADET COMPACT
A rigid - Hull in a bag
“Once deflated, the Cadet compact occupies very few space thanks to its foldable transom (Zodiac Nautic patent), it’s simply stored flat in a specific bag. Its launch is extremely fast: just inflate it, install the rows and put on the water! Very light and rot-resistant, thanks to the RIMTEC process (Reinforced Injection Molding Technology), its hull offers good stability, a Zodiac Nautic exclusivity.”

RANGE
250 | 300
CADET FASTROLLER
The must-have foldable tenders

Equipped with the Acti-V concept (Zodiac Nautic patented technology), the hull of the Cadet fastroller is thinner and more distinct, and the H2O floor is more rigid. The result: an easy launch by inflations, a mastered piloting and a firm course holding never attained before on this type of tender. All its structural elements are welded, including its rubstrake, its transom and the fabric bottom. The experts will appreciate the technical performance and the direct impact on security and durability of the product.

RANGE
285 | 325 | 360

CADET
The market’s standard

“Setting the foundation for the market’s standard through utilization of the best materials, and an assembly by welding the buoyancy tubes, guarantees optimal resistance and durability. With a complete range of accessories, you can find the best patented Zodiac Nautic products such as the rowlock and its tridimensional adjustment or the internal command drain plug, more practical and safer to use. Available in three floor versions (depending on the size), to select linked to the load capacity available onboard.”

LIFERAFT
Compact, complete and evolutive

At the cutting edge of safety, the Zodiac liferafts are made and manufactured according to the ISO 9650 norm.

The Open Sea range is adapted to high-sea navigation and temperature conditions from -15°C to 65°C; it includes an inflatable hoop, a semi-rigid boarding ramp and a insulating floor. The Coastal range, lighter and more compact, is adapted to milder conditions of coastal navigation. They include a tent, maintained by a double fiberglass hoop. Conditioned in waterproof bags, available in soft or solid container, the Zodiac liferafts are guaranteed for 12 years. They benefit, for their revision, from the largest network of service stations in the world, as well as trustworthy experts, trained by us.

SUP
To sail alone or with the family, the paddles are a pleasure for young and old thanks to their great stability. These inflatable paddles can also be used as an annex when anchoring.

ACCESSORIES
A COMPLETE RANGE

Our accessories benefit from all the attention the brand gives to the study of its products. They are made with the same care and live up to the same quality and reliability requirements than our boats. You can equip your boat with a wide range of accessories: such as sun loungers, sunroofs, ski poles, shower kits, etc. Find out more with your Zodiac agent!

The Zodiac Nautic boutique offers a large choice of derived products to show your love of the Zodiac brand and community: gear, luggage, etc.

LOCATION
The exact position of your boat is displayed in real time, 24 hours a day.

NAVIGATIONS
Save all your navigations on a map and place the most interesting places you discover.

STATUS OF THE BOAT
Visualize the tank level, bilge pump and engine hours.

SECURITY
Receive an instant alert when your boat leaves an area that you define.

CONTROL
Connect the Connected Boat device to an accessory (lamp, pump), and turn it on directly from your smartphone.

MAINTENANCE
Get detailed reports on your use of the boat and motor, and plan your maintenance activities accordingly.
