Alzheimer's Disease: The Latest Advances in Treatment, Care and Research

**Keystone Place
at Terra Bella**
A Life Fulfilling Retirement Community

Topics to be covered include:

- Forgetfulness: what's normal and what's not
- What to do when you suspect a memory problem
- Treatments currently available to slow Alzheimer's and related dementias
- Update on the latest research underway to find new treatments to prevent Alzheimer's
- Resources available for those caring for someone with Alzheimer's or dementia
- What you can do now to reduce your risk of Alzheimer's

Get the latest information on the science, care, and treatment of dementia presented during the most recent Alzheimer's Association International Conference!
