

REHAB THERAPY • SKILLED NURSING • ASSISTED LIVING • RESIDENTIAL CARE APARTMENTS

A special shout out:

To our volunteers who come to play the piano at mealtimes in the nursing home. Judy is also volunteering her talent at the piano and plays once a month in the activity room. Families are always welcome to join the celebrations.

Laundry Reminder:

If you purchase clothing for a loved one it is very important that laundry labels the clothing with the resident's name. Please bag the new item up and put a tag on it "to be labeled" with the resident's name. Any questions, please ask a staff member.

SNF, CBRF, RCAC: Activity Highlights

During the month of November, the Legion Post 113 assisted to provide a program for the Veterans here at Ingleside, each Veteran received a pin as a token of gratitude. Also in November residents created a thankful turkey. The lunch in menu was created by one of the residents a Chinese stir fry. A few other fun things that happened is Jim Turk was in for a drumming circle, a few friends met for pizza and we made our version of gingerbread houses. Residents took their shot at getting a turkey & a deer for Thanksgiving! Our residents have better aim than most people, someone got me in the eye! (No injuries occurred) The beginning of December was very busy putting up all of the Christmas decor and making sure Santa knew what everyone wanted for Christmas. We are truly blessed to be in this community of Mount Horeb and have all of the support. Residents at all three communities were able to receive 2 gifts each. I am blessed to be able to know each and every resident and also get to meet families! Thank you for being such wonderful people! The next newsletter will have more of our festivities from December!

407 North 8th Street, Mount Horeb, WI 53572

National Activity Professionals Week: Jan 23-27

During this week, we recognize our Activity Directors who plan and schedule a variety of fun and engaging events, outings, activities and entertainment. Please take a moment during this week to let our Activities Professionals know how much we appreciate them!

Morse Code Facts & Fun

Code fanatics and history buffs know that Morse code is a method of telecommunication used to encode messages in a sequence called dashes and dots — or dits and dahs — which sound like long and short beeps.

Morse code is named for its creator Samuel Morse in the 1830s, and became pivotal during the World Wars when Morse code was used between warships and naval bases. Even today the U.S. military still trains a number of its recruits on this communication system.

Morse code facts:

- There is an International Morse Code based on the Latin alphabet.

- Each character in Morse code is represented by a unique sequence of dots and dashes.
- Three dots followed by a dash stands for “V” which means victory in Morse code, and sounds like the main theme for Beethoven’s 5th Symphony (dit, dit, dit, dah!)
- Like a spoken language Morse code is a form of communication that can be heard or seen.
- Learn more about Morse code and look up the complete coded alphabet of dots and dashes online today!
