Firmly rooted in your project

LUXURY VINYL TILES

Brought to you by

“

We offer top-quality products, impeccable service, innovative, sustainable production and a proven track record... But most of all, we love helping to achieve your goals.”

BEYOND FLOORING

## **GH Commercial. Global Flooring Solutions**

GH Commercial is committed to designing, creating and supplying high-quality floorcoverings around the world, with a dedicated focus on Australia and New Zealand. As a group, our market-leading brands cover virtually every aspect of flooring. Our goal is to connect you with the right floor, when, where and how you need it.

As part of the Mohawk family, GH Commercial has global access to products and resources, including the high quality product offering from IVC.

## **About IVC**

IVC is the commercial division of IVC Group, dedicated to creating unique floors for corporate & office, retail, hospitality & leisure, housing, education and healthcare projects.

Founded in 1997, IVC Group is Europe's leading manufacturer of carpet tiles, luxury vinyl tiles (LVT) and sheet vinyl.

With 1,600 employees and 10 production units in Belgium, Luxembourg, the United States and Russia, IVC Group produces over 180 million m<sup>2</sup> of flooring per year.

# IVC's promise to you: we go beyond flooring

Making promises is admirable, but keeping them is how we really make a difference. That's why our ambitions are built on five strong pillars.

## 01.

---

**We're in control from start to finish, from inspiration to installation.**

---

Our dedicated, professional, multidisciplinary team is at your service. Design, production, delivery, planning... Everything you need under one roof – it doesn't get more convenient than that.

## 02.

---

**We look beyond the ordinary to create the perfect solution for your project.**

---

We always consider the materials we use, performance, design, acoustics, comfort, installation and recycling; while keeping your wishes in mind. After all, innovation revolves around you.

## 03.

---

**We offer versatile product solutions for all your projects.**

---

Whether you want to design inspiring office spaces, bohemian hotel rooms, a daycare centre, practical educational facilities or any other space you're passionate about; we have a solution to fit your needs.

## 04.

---

**We have a proven track record in a wide range of sectors.**

---

We know the specific needs of restaurants, healthcare facilities, shops, offices, schools and multi-occupancy housing, and ensure our unique advantages meet the specific needs of each environment.

## 05.

---

**In everything we do, we keep the planet in mind.**

---

We take the time to pause and reflect on the impacts of our entire strategy and operations. Our eco-friendly production sites, recycling efforts, windmills and solar panels are just a few of the ways we pave the way for a better tomorrow.

## **Moduleo 55 Woods: firmly rooted in your project**

Moduleo 55 Woods mimics wood in its purest form, with unique combinations of colour, grain and structure in every plank. Out of 40 looks, you get to choose the style that fits your project: from subtle and classic to the luxurious or rustic - it's all there. And there's little pattern repeat, so which ever design you pick, the result will be flawlessly natural.

What's more, Moduleo 55 Woods offers a 0.55mm thick scratch, stain, wear and water-resistant layer that's ideal for medium to high commercial traffic. The result: your floor lasts, laying roots in your hotel, restaurant, office or shop, just like an ancient tree into the forest floor.

# Why choose Moduleo 55 Woods?

IVC's unique production process and smart use of cutting-edge technologies result in a floor that's durable, easy to maintain and natural looking.

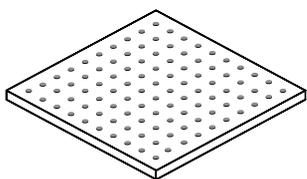

## Original look and feel

IVC select the most original looks and rely on an extensive range of realistic structures. Our water-based printing technique, with a very fine dot screen, makes it hard to discern our authentic designs from real wood or genuine stone. And it doesn't stop there; we use large cylinders to minimize pattern repeat, allowing us to cover up to 25m<sup>2</sup> without any duplication. Lastly, we add a V-groove on four sides of each plank or tile, resulting in an even more true-to-nature look.

## The perfect indoor environment

IVC's indoor air quality far exceeds legal requirements, achieving numerous international certifications: ISO 9001, ISO 14001, indoor air quality A+, BRE A+, to name just a few. Additionally, Moduleo 55 Woods is compatible with underfloor heating and reduces walking sound more than other types of floor. It offers ergonomic support, has great acoustic qualities and is warm underfoot, providing an all-round enjoyable atmosphere for any indoor space.

## Performance you can trust

The Moduleo 55 Woods collection has been independently tested, achieving satisfactory pendulum and slip rating test results for a range of commercial applications. What's more a water-resistant wear layer makes the floors easy to maintain and protects it from stains and scratches.

# The Moduleo 55 technology

## **A function for every layer**

IVC's patented Surface Layer Complex: a multi-layer construction fused into a single, super-strong whole, with a wear layer and lacquer. This robust bind between layers thanks to our composition process technology has numerous assets: acoustic comfort, water resistance and dimensional stability through glass-fibre reinforcement, to name a few. The 0.55 mm wear layer is perfectly suited for high traffic commercial applications. Finally, every floor is protected by Protectonite™ PU, safeguarding it from scratches and stains.

## Discover GH Commercial's other LVT collections

At GH Commercial, our LVT collections reflect the unique patterns and textures found in nature, and offer distinctive abstract looks to explore. At the same time, they guarantee the easy installation and maintenance of luxury vinyl floors. The abundance of designs to choose from – oak, concrete, tropical shades and mystical textiles are just a few – give you the freedom to create truly unique spaces. Haven't found what you need in Moduleo 55 Woods? Browse our other collections at [www.ghcommercial.com](http://www.ghcommercial.com)

## **Endless combinations, infinite possibilities**

Our broad range of luxury vinyl tiles allows you to create unique floors that light up every room. But the ultimate way to take your project's floor to new heights is by combining different products for one special look. That's why we offer a variety of carpet tiles and heterogeneous vinyl that can be easily mixed and matched with your favourite LVT floor.

## **Carpet tiles: unique colours that last a lifetime**

GH Commercial's carpet tiles are the solution for a truly unique floor that complements the spaces you design. Mix and match shades, or create your own personalised look. Through our portfolio of carpet tile and plank products, you'll be sure to find a solution for your next commercial project. Visit [www.ghcommercial.com](http://www.ghcommercial.com) to view our entire range.

## **Heterogeneous vinyl: easy, durable, versatile**

IVC's sheet vinyl collections are the solution for a stunning floor that's easy to install and maintain. Use them for all your projects; retail, offices, day care centres, social housing, and even schools. Wet jackets, muddy shoes and noisy students are no problem; our heterogeneous vinyl is at the top of its class when it comes to durability, hygiene and acoustic performance. Visit [www.ivc-commercial/en](http://www.ivc-commercial/en) for more information.

## Future-proof, for you and for the planet

At GH Commercial and IVC Group, we truly believe in products that are developed with the future in mind. That's why we take the time to pause and reflect on the impacts of our entire strategy and operation. But we also realise that actions speak louder than words, so here's how we raise the industry standard for sustainability, day after day.

- Through resource conservation and waste reduction, we minimise the environmental impact of our manufacturing and distribution operations.
- IVC's energy-efficient flooring plants are among the leanest and greenest in their class.
- We invest in clean-air technology and cutting-edge manufacturing methods
- We use as many recycled or renewable materials as possible – think of eco-friendly inks and recycled PVC.
- We hold all suppliers accountable for ensuring that products are made in a responsible manner – one that respects both labour and environment.

## **Dedicated to sustainability**

At GH Commercial, we are challenging ourselves to design, manufacture and distribute innovative products with reduced environmental and social impacts. As part of the world's largest flooring manufacturer, we feel a profound sense of responsibility to advance our shared mission of a more sustainable future.

## **Product Stewardship**

Product Recovery Program (3R). Under today's 3R program (Reclaim - Recycle - Reprocess), we take back all GH Commercial broadloom carpets, modular carpets and vinyl flooring products at the end of their first life with the guarantee that no recovered product will be disposed of in landfill.

# Global GreenTag Certified

At GH Commercial, we are delighted to have achieved Global GreenTag's GreenRate, Level A certification on our IVC Group Moduleo 55 vinyl plank products. Global GreenTag<sup>Cert™</sup> is a third-party certification system that provides independent, evidence-based research on product solutions that contribute to a more sustainably built environment. Requiring complete transparency from manufacturers, the GreenRate program uses an ecolabel system and assesses exactly how and from what each product is made, rating their overall health and environmental impact, while also examining other criteria like local sourcing, ethical labour and supply chain principles.

## Why Choose GreenRate?

The Green Building Council of Australia recognise Global GreenTag as an important independent arbiter in verifying sustainable products; vital for achieving a Green Star certified building. Specifically devised by Global GreenTag to comply with Green Star's rating tools, GreenRate certified products are examined for 'Fit-for-Purpose' criteria and confirmed for Building Code compliance.

As a transparency program with full disclosure of product ingredients, GreenRate looks at a product's health and ecotoxicity, plus a multitude of other aspects including ingredients at various stages and conditions such as resource use, waste reduction, greenhouse gas and water footprints.

## How Does GreenRate Level A Certification Translate?

GreenRate Level A certification provides 100% of the credit points available in the GreenStar rating tools. Here's how our GreenRate, Level A certification translates across the widely used sustainable building programs in Australia and New Zealand.

### **Green Star:**

- 100% points under the 'Volatile Organic Compounds (VOCs) / Indoor Air Quality (IAQ)' credit (GreenRate, Level B = 75% points & GreenRate, Level C = 50% points)
- Points available under the 'Sustainable Product' credit

### **Well™ Building Standard:**

- Recognition under the VOC's / IAQ and Enhanced Material Safety credits

### **LEED®:**

- Recognition under the 'VOC's / IAQ' credit

### **Infrastructure Sustainability (IS) Rating Scheme:**

- Recognition under the 'Sustainable Product' credit

Test results and certificates are available on request. Specifications and colourations are subject to manufacturing tolerances. Moduleo 55 vinyl plank floors must be installed in accordance with the relevant Australian Standards and in conjunction with the GH Commercial Vinyl Plank Floors Installation Instructions. This product comes with a residential warranty for new product installed indoors in a residential home, if properly installed and maintained. This warranty is in addition to consumers' rights under the statutory consumer guarantee provisions in the Australian Consumer Law, which may exceed the rights under this warranty. The amount recoverable under the warranty decreases after five years. For full information in respect to the scope and limitations of this warranty, please refer to the full terms and conditions available from your retailer, by calling 1300 444 778, or by download from [www.moduleo.com.au](http://www.moduleo.com.au). \*Terms and conditions apply to all commercial warranties – contact your GH Commercial Account Manager. GH Commercial and IVC reserve the right to change the specifications of or delete colours or change or amend any written information without notice. Ensure the latest information is being consulted by referring to [www.moduleo.com.au](http://www.moduleo.com.au). While all care is taken, product images may vary in colour due to possible printing process variation. Images do not seek to duplicate the exact visual appearance, but serve merely as a guide or point of reference.

Manufactured under a quality and environmental system as complying with ISO9001 and 14001.
