

Owls

Feather Flight

Owls have captured the imagination for centuries. Designed by Jason F. McLennan in collaboration with Mohawk Group, the Owls Collection captures the essence of these birds of prey through colour and patterning. Inspired by their plumage, mottled shades of black, brown, tan and grey take flight as a distinctive, yet versatile commercial carpet plank across two patterns—Feather and Flight. A stylised visual and simple texture create intriguing, coordinating combinations.

McLennan Design’s collaboration with Mohawk Group began with the development of the best-selling Lichen Collection. In Lichen, the designers used the beauty of nature to develop a strong biophilic link between flooring and lichen itself. The collection was both beautiful, full of natural inspired colours and textures, and functional, providing a durable product that visually replicated and satisfied our need for the outdoors in a commercial contract environment.

“When Mohawk approached me to do the sequel, if you will, we wanted this new collection to have that same spirit as Lichen, but yet be very different. We had to think about what would have the same impact of drawing people into nature but in a new way,” explains McLennan. Thus began a new journey into nature and design.

McLennan and his team consider design from multiple perspectives. First, how a product is made and its ecological footprint is vital. Mohawk Group’s continued participation in the International Living Future Institute Programs shows the company’s commitment to responsible, holistic manufacturing. Next, on a pure aesthetic basis, the McLennan team wants their products to be beautiful and desirable. Finally, the designers seek to instill a deeper meaning into their work. A primal connection, an emotional response, a subconscious recognition.

By combining the ethos, the visuals and a linkage to a larger story, McLennan facilitates the process of falling in love with life.

Transparency

SUSTAINABLE LEADERSHIP

GH Commercial fully embraces sustainability with the Mohawk Group brand and is leading the industry in product transparency, which is at the core of programs like the Living Building Challenge. We hold current and relevant certifications and labels that illustrate our commitment to transparency and healthy indoor environments.

OUR COMMITMENT

As a local sponsor of the Living Future Institute of Australia (LFIA), we are committed to revolutionary programs that are redefining the green building movement. These include the LFIA's Living Building Challenge and Declare programs.

Declare Labels are a 'nutrition label' for the building industry, providing ingredients, source and manufacturing locations. This eliminates the mystery of product ingredients, giving you total product transparency.

Installation Instructions:

All carpet tiles and planks must be installed in accordance with AS2455 Parts 1 & 2 (latest version) and the GH Commercial Carpet Tile/Plank Installation Instructions. Chair pads are recommended under office chairs with roller castors to preserve appearance retention, act as a deterrent toward delamination and to prevent premature or accelerated wear. Walk-off tiles from the Tuff Stuff II Collection are recommended at entryways to reduce soiling. Specifications and colourations are subject to manufacturing tolerances. As part of the GH Commercial continuous improvement program, specifications may be changed or colours deleted without notice. For current and complete specifications please visit ghcommercial.com Images do not seek to duplicate the exact visual appearance, but serve merely as a guide or point of reference. While all care is taken, product images may vary in colour due to possible printing process and/or light variations.
