

Pathmakers Textures

Gentle Ground Buzzing Trails

Pathmakers Textures

By looking deeply into the world around us, we discover nature's systems of care - how each part of an ecosystem is connected and helps to sustain the whole. Even the tiny bee is integral, its daily paths of pollination generating new plants, in turn helping to sustain all life.

With bees as inspiration, we created the Pathmakers carpet plank collection. The textural styles in this book, Gentle Ground and Buzzing Trails, feature subtle visuals evoking fields criss-crossed by paths of pollinating bees. Paired with Pathmakers Patterns or used individually, the collection's styles support multifaceted communities, utilising materials and methods that do more to care for our planet.

With Pathmakers, we begin to grow a culture of care between people, place, and the natural world - as we learn to create the vital paths of connection that can sustain us all.

Better for People and Planet

Our future depends on the work we do today. At GH Commercial, commitment to our planet extends beyond just products and processes: it's how we challenge ourselves to do and be better every day, how we make decisions, how we reinvest in our people and our planet, and how we define what matters most as we work to deliver value for generations to come.

Better Products, Transparency & Innovation

Declare Program

GH Commercial is proud to support transparency in the built environment through participation in the Declare Program. Declare is a nutrition label for building products. It is designed to help you identify products that meet your project requirements.

Environmental Certification Scheme

Specify with confidence with the assurance of the Environmental Certification Scheme, which looks at the environmental performance of a carpet. Administered by the Australian Carpet Institute, ECS sets a new standard for eco-conscious practices in carpet manufacturing.

Locally Made

Proudly Manufactured in Australia

Our partnership with the Official Australian Made campaign aligns us with Australia's most trusted, recognised and widely used country of origin symbol, underpinned by a third-party accreditation.

Circular Economy

3R Program - Recover and Repurpose or Recycle

Under our 3R Program, we offer to take-back GH Commercial broadloom carpets, modular carpets, hybrid and vinyl flooring at the end of their first life, with the aim of facilitating the repurposing or recycling of these products and their diversion from landfill.

Loop Program

The Loop Program gives carpet tiles a second life. Where a customer is installing a GH Commercial product, we offer a service to take back and reuse any existing carpet tiles being replaced.

Our 3R and Loop Programs are operated on a 'no-profit' basis and any fees associated with these services are solely to recover costs of incurred.

Custom Installation

Duracolor® Tricolor FIBRE

Building upon the trusted Duracolor® promise with over 146 million metres installed since 1992, new Duracolor® Tricolor delivers exceptional stain resistance, colourfastness, durability, colour clarity and enhanced soil performance to commercial interiors. Carpet made with Duracolor® Tricolor is easy to maintain and features inherent stain resistance with water-only stain removal for most common stains.

RESISTANT

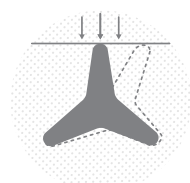

- The high-performance shape of the modified delta improves resilience and reduces surface wear of carpet

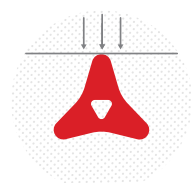

Common Nylon Fibre

Duracolor® Tricolor Fibre

Common Nylon Fibre

Duracolor® Tricolor Fibre

- Duracolor® Tricolor fibre has a negative charge that repels negatively charged, common staining substances

Common Nylon Fibre

Duracolor® Tricolor Fibre

- The triangular hollow core provides the best soil hiding capability and controlled light diffusion for clearer, brighter colours
- A vast majority of common stain-causing substances can be easily cleaned with just water
- Duracolor's built in stain resistance ensures long standing stain resistance compared to common topical treatments

BEAUTIFUL

- Exceptional colourfastness to light and atmospheric contaminants so colours resist fading and stay bright
- Unmatched design flexibility without compromising colour retention or stain resistance

SUSTAINABLE

- No Chemicals required: Most common stains clean with just water
- Declare Red List Free: Duracolor fibre is Declare® Red List Free in accordance with the Living Building Challenge
- Lasts Longer: Product life is extended, reducing the impact to your bottom line and to the environment

Specifications

Gentle Ground Buzzing Trails

DESIGN

Country of Origin	Australia
Size	250mm x 1000mm
Product Thickness	7.5mm (+/- 1mm)
Pile Height	5.0mm (+/- 1mm)
Pile Weight	Gentle Ground - 815g/m ² (24oz/yd ²) Buzzing Trails - 815g/m ² (24oz/yd ²)
Surface Appearance	Textured, Patterned Multi-Colour Loop
Fibre Type	Duracolor® Tricolor Premium Nylon
Dye Method	Solution Dyed
Colours Available	8 Standard
Installation Methods	Herringbone/Ashlar/Brick/Random
Available Options	500mm x 500mm Carpet Tile Enviro Bac® Lite Enviro Bac® Plus

PERFORMANCE

Construction	Tufted
Gauge	47.2/10cm (1/12th Gauge)
Stain Release Technology	Permanent, Built into the Fibre
Soil Release Technology	EcoSentry Soil Protection
Backing Material	Enviro Bac®
Flammability*	Meets the requirements of NCC Spec. C1.10 relating to fire hazard properties for Class 2-9 buildings (including health and aged care buildings). Meets the requirements of the New Zealand Buildings Code Section C3 - Fire Affecting Areas Beyond the Fire Source
Static Propensity	(AATCC 134) <3.5KV at 21°C & 20% Relative Humidity

SUSTAINABILITY

PVC Minimisation	PVC Free
Indoor Air Quality~	Green Building Compliant for VOC emission rate limits
Product Stewardship	This product qualifies for takeback at the end of life under the GH Commercial ReCover program.
Product Transparency	Declare® Red List Free
Green Star	Environmental Certification Scheme Level 4+. Achieves 12+ Points meeting Best Practice Requirements.
Accreditation	Manufactured under a quality, health and safety, and environmental system certified and complying with ISO 9001, ISO 45001 and ISO 14001 by accredited certification bodies

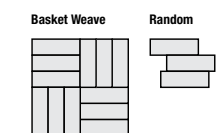

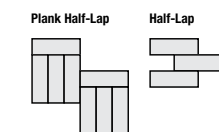

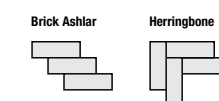

GUARANTEES/WARRANTIES*

Australia	15 Years Available on Request*
New Zealand	Comprehensive warranties are available on request and will be issued on a project by project basis

Declare.

Installation Instructions:

All GH Commercial carpets must be installed in accordance with the relevant Australian and/or New Zealand applicable standards (latest AS2455) and the GH Commercial Installation Instructions. Chair pads are recommended under office chairs with roller castors to preserve appearance retention, act as a deterrent toward delamination and to prevent premature or accelerated wear. Walk-off tiles from the Tuff Stuff II Collection are recommended at entryways to reduce soiling. Specifications and colourations are subject to manufacturing tolerances. As part of the GH Commercial continuous improvement program, specifications may be changed or colours deleted without notice. For current and complete specifications

please visit ghcommercial.com. Images do not seek to duplicate the exact visual appearance, but serve merely as a guide or point of reference. While all care is taken, product images may vary in colour due to possible printing process and/or light variations. **Test results and certificates are available on request. *Minimum order quantities may apply. Contact your GH Commercial Account Manager for information. *This guarantee/warranty is in addition to any rights consumers may have under Australian and/or New Zealand consumer laws. **Terms and conditions apply - for full information in respect to the scope of the guarantee please contact your GH Commercial Account Manager or our Head Office.
