Heterogeneous Vinyl Sheet Flooring Collection

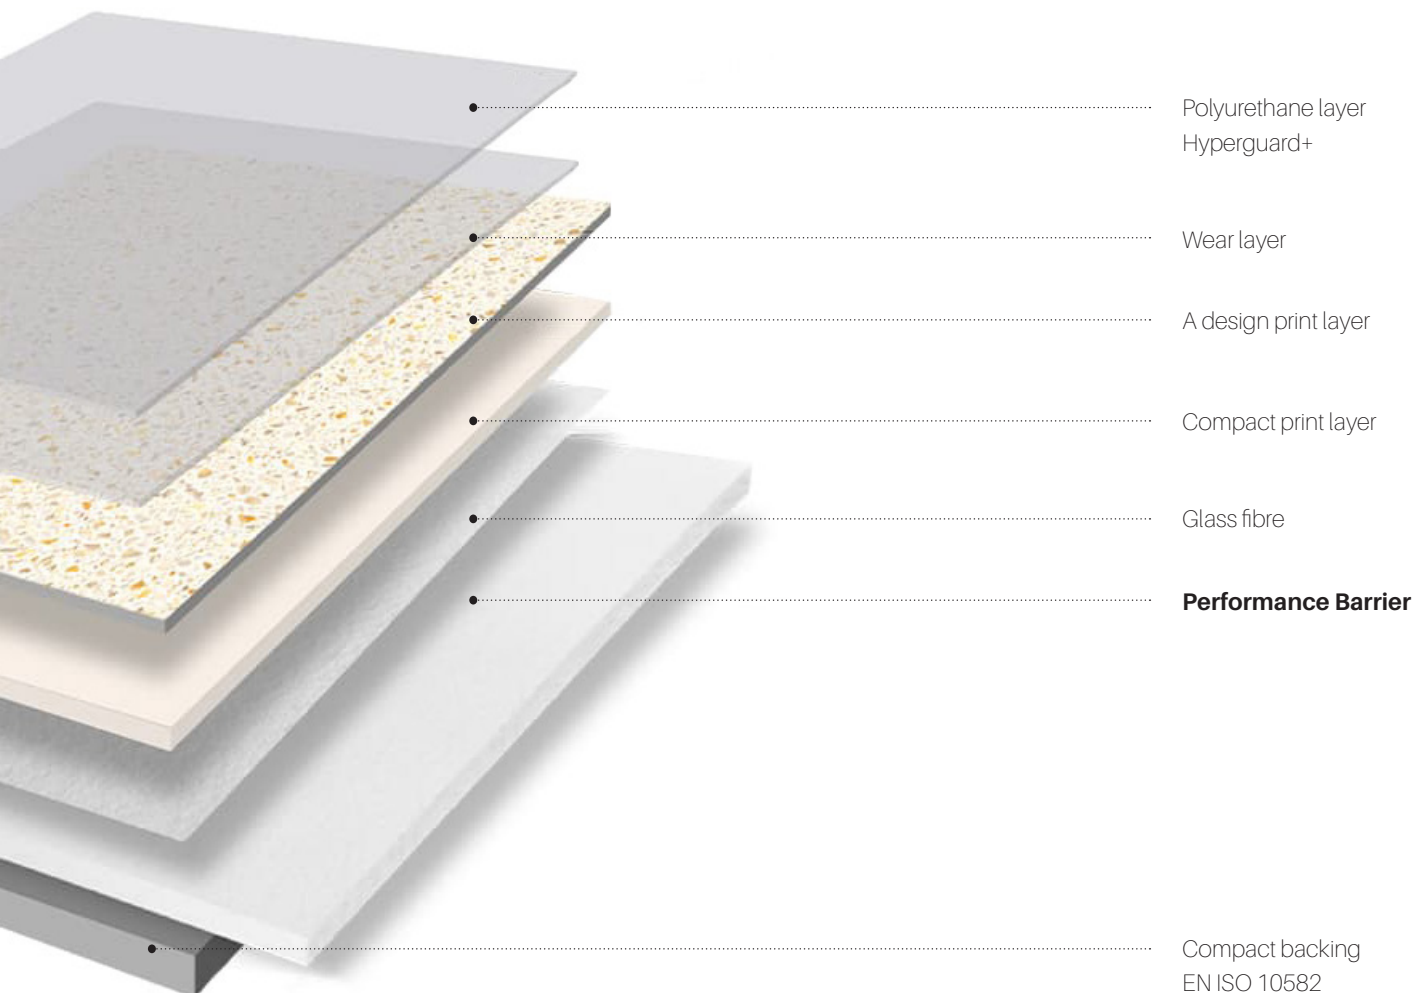

Godfrey Hirst

Iperform 70 Collection

A multi-layer construction for the most demanding areas

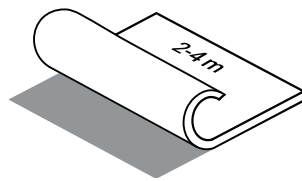

With an impressive wear layer of 0.7 mm, Iperform 70 offers durable vinyl flooring for high-traffic spaces. You'll find unique and stylish designs for the most demanding areas. This heterogeneous vinyl flooring is compact, impact-resistant, and easy to install. Additionally, this floor is hygienic and slip-resistant. The specially developed Performance Barrier ensures that the floor remains strong and beautiful, even after many years of intensive use. Considering all this, it's no surprise that Iperform 70 is known as the top-quality vinyl flooring within our range.

Flooring Thickness

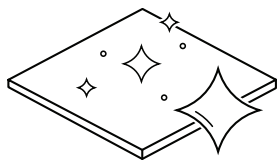

Benefits

Whether you seek vibrant nature-inspired options, timeless charm, radiant luxury, modern statements, tranquil versatility, or sophisticated minimalism, this collection offers a unique combination of style and functionality.

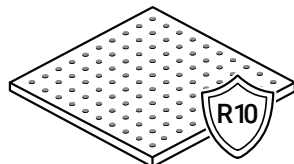

Versatile Installation

Heterogeneous vinyl's multi-layer construction allows us to finetune performance and bring durable floors with a range of added benefits. Available in 2m and 4m widths for a seamless finish across a range of natural, architectural and decorative looks, these hardwearing and easy to maintain floors are ideal for projects that demand the ultimate in performance and value

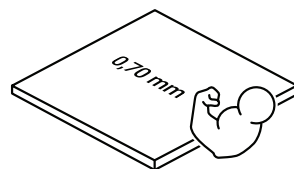

Sanitec®

Sanitec® hygienic treatment is a permanent part of our anti-bacterial heterogeneous vinyl floors. Featuring in the backing and wear layer, Sanitec® inhibits the growth of bacteria on the surface and battles fungi in the subfloor. Providing a durable floor finish that's suited to sensitive areas such as education and health, while also bringing benefits in any project, anti-bacterial heterogeneous vinyl floors are easy to maintain. There's no extra work needed to maintain their hygiene benefits.

Anti Slip Surface

lperform70 boasts top-tier slip resistance, rated an impressive R10, ensuring safety and stability in any environment. This innovative flooring solution prioritizes safety without compromising on aesthetics, making it ideal for both commercial and residential spaces.

Heavy Use

Every layer of lperform70 is heterogeneous vinyl has been tuned to deliver the ultimate performance floor. The floor's compact construction can withstand use in high-demand areas and is combined with the benefits of Hyperguard+ and Sanitec® protection, so that it delivers everyday usability under intense use. lperform70 uses a 2.15mm compact heterogeneous vinyl construction with low residual indentation for a floor that recovers time after time in busy spaces.
