# Plant Upgrade

FOR LEADING CARPET TILE PRODUCTS NOW AND INTO THE FUTURE.

Investing in innovation and technology are the hallmarks of GH Commercial, and when it comes to improving existing systems and processes our commitment to excellence is continually at the forefront.

Looking to comprehensively increase our local manufacturing capacity, we recently invested in a multi-million-dollar upgrade of our Breakwater plant in Geelong, resulting in a one-stop shop for the entire global suite of GH Commercial carpet tile and plank products.

With the integration of a cutting edge carpet tile and plank press, capable of operating 1.5 times faster than before, slick new conveyor belt system designed to smoothly move products between processes as energy-efficiently as possible, and two high-tech robotic pallet loading arms, our ability to meet the rising demand of core brands, Mohawk Group, Feltex and Godfrey Hirst, has been measurably enhanced.

## FOR LEADING CARPET TILE PRODUCTS NOW AND INTO THE FUTURE.

Along with existing metric tile and plank dimensions, GH Commercial is also equipped to manufacture imperial size products; the larger format allowing for greater versatility, along with more immersive, technologically advanced designs.

### Our complete range of tile sizes comprises of:

#### Metric:

- 250 x 1000mm
- 500 x 500mm

#### Imperial:

- 304.8 x 914.4mm (12 x 36 inch)
- 609.6 x 609.6mm (24 x 24 inch)

In addition, an advanced, fully automated box maker, constructing cardboard packaging from 100% recycled materials, can now flexibly accommodate our carpet tile sizes across all brands.

The new additions make this production plant capable of speedier, more efficient product delivery, whilst adhering to the highest standards of safety, environmental protection and sustainable manufacturing processes. This state-of-the-art machinery and increased automation not only extends overall production capacity but will ensure the viability of all future GH Commercial growth plans.

For the complete GH Commercial carpet tile and plank picture, visit our website and see just how diverse our entire range really is.

# Global Flooring Solutions

Drawing on over 150 years of manufacturing experience in Australia and New Zealand, GH Commercial is committed to designing, creating and supplying high quality floorcoverings around the world.

As the oceanic division of Mohawk Group, the world's largest commercial flooring company, we belong to a global network of brands dedicated to helping you meet your project goals and connecting you with the right floor, when, where and how you need it.
