CUSTOMIZATION SERVICES 01

To meet the specific needs of each project, we offer customization services. Our team work closely with you to adapt existing decors from our collection or create entirely new designs. This service is available for any type of environment, contract, commercial, or private.

Customization Process

Initial Study : We begin with an in-depth consultation to understand your needs, tastes, and calibrate the specifics of your project.

Custom Design : Our studio creates personalized proposals according to your directives. This can include color adjustments, scaling, pattern modifications, or even completely unique creations.

Material Selection : From non-woven paper, coated canvas, linen fabric, to adhesive wallpaper, we offer the most suitable material for your project.

Prototyping : We provide samples and mockups for approval before final production.

Production : Each custom design is printed with meticulous attention to detail, using high-quality materials and eco-friendly inks.

Examples of Custom Projects

Luxury Hotels : Custom all over murals for an immersive and unique ambiance.

Commercial Spaces : Personalized patterns incorporating brand identity, creating a memorable customer experience.

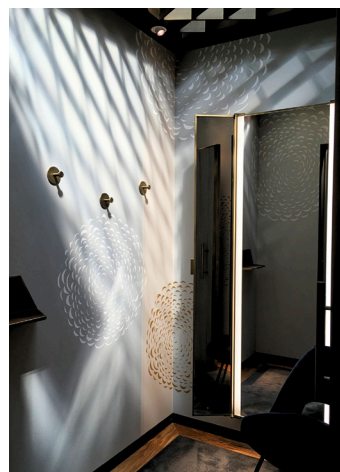

Private Residences : Exclusive designs reflecting the personality and preferences of the owners.

Hotel Le 5 Codet, Paris

Hotel des lumières, Versailles

Le Bon Marché, Paris

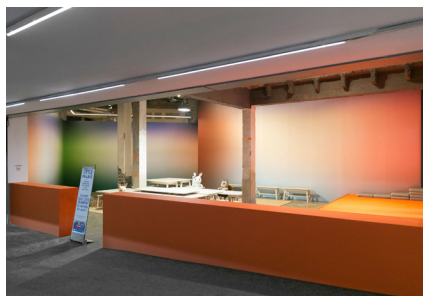

Adapted Quote

We work together to establish an overall budget including:

Prototyping : Printing samples and prototypes for approval.

Support : Selecting the most suitable material based on your budget, area, and project requirements.

Installation Fees : Professional wallpaper installation by a dedicated team.

Palais de Tokyo, Paris

GILDING SERVICE02

Techniques and Expertise

Golden Variation

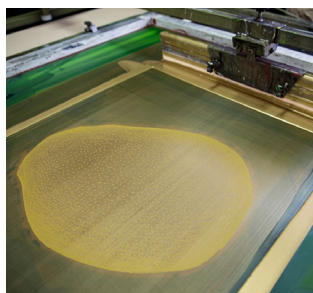

We offer a golden variation of the «Apesanteur» decor by Alix Waline. This version redefines elegance and sophistication, showcasing two techniques that illustrate our expertise. We can now offer variations including golden accents on all our decors.

Screen Printing

Technique : The screen printing done in our workshops requires a special development. This technique involves applying golden pigments on the already printed decor.

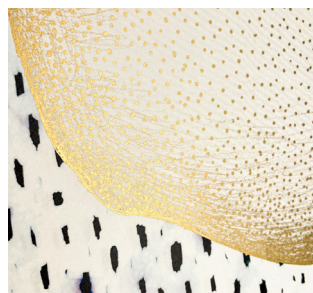

Result : This technique adds a subtle and elegant element of pale, powdery gold, enriching the design with a discreet luxurious touch.

Unique Gilding Expertise

Technique : Using technology specially developed for Bien Fait, our workshop is able to print with a range of shades from silver, to bronze, or rose gold, on large format decors.

Result : This unique expertise allows for the application of shimmering detailing with a slight texture, bringing unparalleled depth and richness to the creations.

TURNKEY SERVICE / MEASUREMENT AND INSTALLATION 03

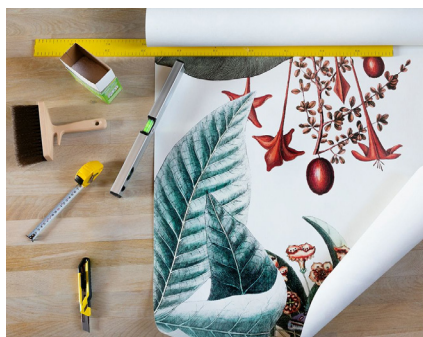

We offer a professional measurement service to ensure each design fits perfectly into the space. Our experts visit the site to measure precisely and ensure impeccable installation.

Advantages of the Turnkey Service

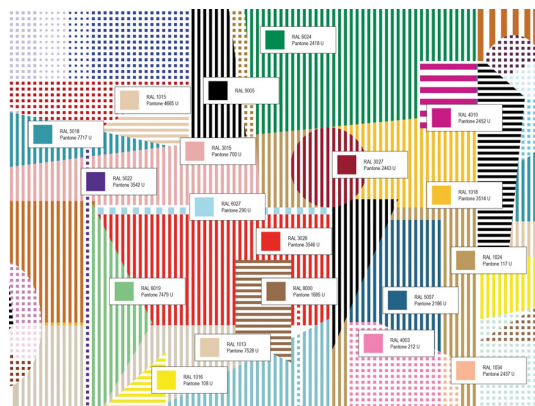

Comfort and Peace of Mind : Worry-free solution: we take care of everything, from design to installation.

Precision and Quality : Professional measurement and installation by experts ensuring a flawless and durable result.

Time Savings : Our team handles all steps of the process, allowing you to focus on other aspects of your project.

COLOR MATCH 04

Colorimetry of the Diabolo Regular decor

We provide the RAL codes for each of our decors, allowing you to choose paint, or fabric shades perfectly matching our wallpapers for the best harmony, ensuring visual consistency and a refined ambiance.
