

WINTERHAWK 4

LIVE WINTER TO THE FULLEST

Make the most out of winter with the Firestone Winterhawk 4. This new generation winter tyre provides optimal control and handling in cold and unpredictable conditions. Designed for a safe and cost-efficient ride, the Winterhawk 4 will keep you in control on winter roads.

- » **Outstanding performance on snow**
Improved snow traction ¹⁾
- » **Excellent wet braking**
Shorter stopping distance vs predecessor ²⁾

Firestone

WINTERHAWK 4

FEATURES EXPLAINED

OUTSTANDING PERFORMANCE ON SNOW

Firestone Winterhawk 4 tread pattern relies on unique sipes, grooves and angular edges to attain traction on snow.

EXCELLENT WET BRAKING

Firestone Winterhawk 4 uses an innovative compound and tread design to stop 4% faster on wet roads than its predecessor.

- 1) Tests carried out by Bridgestone in March 2020 at Arctic Falls Pitea proving ground (indoor) in Sweden, with VW Golf, on tyre size 225/45 R17. Winterhawk 4 compared to the performance of predecessor Winterhawk 3. Snow acceleration/traction (10 km/h to 35 km/h) in seconds Firestone Winterhawk 4 (2.72), Firestone Winterhawk 3 (2.92).
- 2) Test carried out by TÜV SÜD on the request of Bridgestone in March 2020 at ATP Papenburg proving ground in Germany, with VW Golf, on tyre size 225/45 R17. Winterhawk 4 compared to the performance of predecessor Winterhawk 3. Report No. 713183177. Wet braking distance (80 km/h to 20 km/h) in meters: Firestone Winterhawk 4 (28.3), Firestone Winterhawk 3 (29.4).

Firestone

TARGET CUSTOMERS

Firestone Winterhawk 4 is for drivers with an active lifestyle who look for winter tyres that:

- » Offer the best value for money.
- » Give them control in unpredictable winter weather.
- » Make them feel safe when they need to come to a sudden stop on wet or snowy roads.

TARGET VEHICLES

- » From small passenger cars to large SUVs, the Firestone Winterhawk 4 is a great choice.

EXAMPLES

Fiat 500

VW Golf

Ford Focus

Toyota RAV4
