Freight Summit & Intermodal 2026: A Week of Historic Results

Two major milestones defined a breakthrough week for GKF Network and ULN Network from April 12–16.

The 4th Open LATAM Freight Summit gathered 260+ freight forwarders from 60+ countries, reinforcing its position as the leading pre-Intermodal event in the region. Over two days, attendees built partnerships, strengthened relationships, and secured real business with trusted partners.

At Intermodal South America 2026, both networks stood out with the most strategic booth among logistics networks, earning the Platinum Booth Certification from the event organizers. With 8 suites and 24 meeting tables, co-exhibitors held high-value meetings with thousands of visitors.

This week reaffirmed our regional leadership and the strength of a global community built to deliver real results.
