Fengate Real Estate is a business division of Fengate Asset Management, a leading alternative investment manager focused on infrastructure, private equity and real estate strategies. Fengate Real Estate manages all properties on behalf of its investors, including the LiUNA Pension Fund of Central and Eastern Canada.

The JLL team specializes in high performance office buildings and challenge traditional methods of workplace value analysis by demonstrating how investments in healthy, sustainable workplaces offer the most profound opportunity for cost savings. While most organizations focus on reducing utilities and rent costs, JLL's approach focuses on the impact that the workplace environment can have on an organization's most valuable (and costly) asset: their people and their productivity.
