

## Beta 1™ New Foam Technology Nitrile-Coated General Purpose Gloves with Nylon/Spandex Shell

### Description

The Beta 1™ gloves are among the lightest in the industry, designed for optimal performance across a range of general-purpose applications. Constructed with an 18-gauge seamless red nylon/spandex shell and a black knit wrist, these gloves deliver superior flexibility, dexterity, and comfort. Featuring a patented New Foam Technology nitrile palm coating, these Beta 1™ gloves efficiently channel away excess fluids to maintain a secure grip in dry, damp, or oily conditions. The advanced coating also offers excellent abrasion resistance and light thermal protection up to 100°C (212°F) for short periods. Touchscreen compatible fingertips support device use without glove removal, enhancing productivity. Certified to Oeko-Tex® Standard 100, these gloves are tested for harmful substances, ensuring safety and skin compatibility.

| INDUSTRY      |                  |
|---------------|------------------|
| Construction  | Product Assembly |
| Manufacturing | General Labor    |
| Utilities     | Woodwork         |
| Highway Work  | Fabrication      |

### Features

- 18-gauge nylon/spandex shell offers bare hand sensitivity
- Nitrile-coated palm with New Foam Technology finish allows hands to breathe while providing great grip in wet, oily, or dry conditions
- Tested for harmful substances according to Oeko-Tex® Standard 100
- Flexible and comfortable, with excellent dexterity
- Patented coating enhances protection whilst providing good grip in wet conditions
- Touch screen compatible fingertips
- Contact heat protection up to 100°C / 212°F for a short period (15 sec max)
- Knit wrist cuff offers users a secure, comfortable fit and prevents gloves from slipping off during use
