ANTISTATIC PROTECTION

Electrovolt Class 00 / 36cm

Natural rubber insulating gloves

Insulating rubber gloves available in all classes, many sizes, different lengths and colours. Leather protectors are recommended to be worn over Electrovolt gloves to ensure mechanical protection (local regulations, work practices and risk analysis apply)

Features

- The natural rubber provides high dielectric protection
- The ergonomic shape and lightly powdered interior make the Electrovolt gloves easy for donning and doffing

Certifications

CAT II

CE

Suitable industries & applications

Industries

- Construction
- Manufacturing
- Utilities

Applications

- Electrical Engineering and Maintenance
- Infrastructure Engineering
- General Maintenance
