

SPEARFISH®

Performance Fog Technology and built-in readers deliver fog-free vision and hands-free magnification

The Spearfish® has a flexible frame with vented temples, a TPR nose piece, and TPR temple ends. Designed to contour with the natural curvature of the head, the Spearfish® maximizes all-day wearability and comfort. Bifocal reader style lenses feature a magnification diopter positioned at the bottom inside of the lens. This improves workplace safety by eliminating the need to switch between safety and reading glasses. The BH225325PFT also features a PFT lens.

LENS OPTIONS

☐ Clear

☒ Gray

FEATURES

- PFT - Performance Fog Technology lens: Better than traditional anti-fog! This water-washable, hydrophilic anti-fog lens coating is permanently bonded to the lens to absorb moisture and evenly disperse it, providing clear, fog-free vision
- Each pair includes a retainer cord
- Flexible and lightweight half-frame design
- Dual 8-base curve lenses for full protection and visual correctness
- TPR nose piece and temple ends
- Vented temples increase airflow
- Meets ANSI/ISEA Z87.1-2020 standards
- Meets ANSI/ISEA Z87.1-2020 anti-fog properties standard
- Meets ANSI/ISEA Z87.1-2020 anti-fog properties standard
