

CH303

Unlined natural rubber chemical resistant glove, 660mm long

A heavyweight natural rubber chemical resistant glove with a long cuff (60cm).

Features

- Thick natural rubber resists to water-based chemicals
- Beaded cuff improves tear resistance during donning/removal & helps prevent droplets travelling beyond the glove length
- Chlorination treatment to clean and harden the outer surface
- Excellent flexibility and elasticity to prevent potential tears
- Impermeable for working in damp environments
- Long cuff to protect the forearm and upper arm from chemical projections
- Light contact heat protection up to 100C / 212F
- Length: 60cm
