BULLHEAD SAFETY®
EYE PROTECTION

TORRENT™

Lightweight frameless bifocal safety glasses with magnified lower lens for close-up work

Torrent Reader safety glasses combine lightweight comfort with built-in magnification for workers who frequently transition between distant and close-up tasks. The integrated reader lens, positioned at the bottom of the viewing area, allows users to read, inspect, and perform detailed work without removing their safety eyewear. Featuring a frameless wrap-around design and a single-mold 10-base curve lens, Torrent Readers provide excellent protection, wide peripheral vision, and exceptional optical clarity. The result is increased convenience, improved productivity, and continuous eye protection throughout the workday.

LENS OPTIONS

- ○ Clear
- ● Gray

FEATURES

- Integrated bifocal reader lens aids close-up tasks without changing eyewear
- Magnification diopter improves visibility for detailed inspection and assembly work
- Frameless design provides a lightweight feel for all-day comfort
- 10-base curve lens delivers wide panoramic coverage and clear sightlines
- Wrap-around styling enhances protection from airborne workplace hazards
- Single-mold lens offers distortion-free vision across the viewing area
- Eliminates the need to switch between safety glasses and reading glasses
- Contemporary design combines eye protection, comfort, and convenience
