

HLTE Royal

Chemical splash trouser

Chemsol HG Lite garments are crafted from a lightweight 305gm2 PVC/PU material blend and feature an anti-bacterial coating, offering durable chemical protection and reliable defense against the demands of washdown processes in the food industry.

Features

- ▲ Elasticated waist ensures close fit
- ▲ High waist and long back length for additional protection
- ▲ Spray-tight coverage
- ▲ Fabric is treated with an antibacterial finish
- ▲ Stitched and high frequency welded seams
- ▲ Garment can be reused if not contaminated or damaged
- ▲ Pair with the HG Light jacket for full body protection
