

# SYNTIS PX

## **Sterile Polychloroprene Surgical Gloves** MICROTEXTURED, POWDER-FREE, NON-LATEX

HAIKA™ SYNTIS PX is a latex-free microtextured surgical glove. Extremely fine, yet strong, it's also an exceptionally tactile glove that provides a remarkable fit and feel. The textured surface enhances slip-resistance for greater control during surgical procedures and the synthetic formulation allows for easy donning and doffing. SYNTIS PX is also powder-free.

## **Key Features and Benefits**

### **Multi-layered Technology**

SYNTIS PX features a multi-layered polymer coating which presents an enhanced donning experience even when double donning.

### **Secure Control**

Excellent fingertip sensitivity with consistent grip delivers the control demanded during surgical procedures. A micronised-treated surface enhances slip-resistance.

### **Reduced Hand Fatigue**

Each glove is expertly manufactured and anatomically designed to mimic the natural curvature of the human hand at rest. The result is reduced fatigue and improved finger dexterity, even during rigorous procedures.

### **Chemotherapy Approved**

Tested for resistance to permeation of chemotherapy drugs.

### **Powder-free**

Eliminates powder-induced irritation and powder stains. Minimises any post-procedure complications caused by powder.

## **Recommended For**

- ✓ Cardiothoracic
- ✓ Orthopaedic
- ✓ General surgery
- ✓ Handling of chemotherapy medication

## **Material Information**

- Synthetic, polychloroprene (latex-free)
- Micro-textured surface
- Powder-free
- Beaded cuff

## **Packaging**

## Technical Data

<b>TYPE</b>	Micro-textured, sterile surgical glove for single use, powder-free																		
<b>MATERIAL</b>	Synthetic, polychloroprene (latex-free)																		
<b>COLOUR</b>	Tan																		
<b>GLOVE SHAPE</b>	Anatomically formed with a beaded cuff																		
<b>OVERALL LENGTH / SIZE</b> (AS PER EN455-2)	Min. 290 mm																		
<b>WALL THICKNESS</b> (MEASURED IN SINGLE LAYER OF THE PALM AREA)	Min. 0.18 mm																		
<b>IMPERMEABILITY</b> (AS PER EN 455-1)	AQL 0.65																		
<b>FORCE AT BREAK (N)</b> (AS PER EN 455-2)	Initial 9.0 Aged 9.0																		
<b>SHELF LIFE</b> (IN ORIGINAL PACKAGING WHEN STORED AS PER DIN 7716, ISO 2230)	5 years from date of sterilisation																		
<b>STERILISATION</b>	Irradiation																		
<b>PACKAGING</b>	Left and right cuff turned inside out in a high quality medical paper inner pouch and sealed in a flat film medical peel pack. Per dispenser carton: 50 pairs Per transport carton: 200 pairs																		
<b>COUNTRY OF ORIGIN</b>	Malaysia																		
<b>ORDER NUMBERS</b>	<table border="1"> <tr> <td>Size 5½</td> <td>HAK7055</td> <td>Size 7</td> <td>HAK7070</td> <td>Size 8½</td> <td>HAK7085</td> </tr> <tr> <td>Size 6</td> <td>HAK7060</td> <td>Size 7½</td> <td>HAK7075</td> <td>Size 9</td> <td>HAK7090</td> </tr> <tr> <td>Size 6½</td> <td>HAK7065</td> <td>Size 8</td> <td>HAK7080</td> <td></td> <td></td> </tr> </table>	Size 5½	HAK7055	Size 7	HAK7070	Size 8½	HAK7085	Size 6	HAK7060	Size 7½	HAK7075	Size 9	HAK7090	Size 6½	HAK7065	Size 8	HAK7080		
Size 5½	HAK7055	Size 7	HAK7070	Size 8½	HAK7085														
Size 6	HAK7060	Size 7½	HAK7075	Size 9	HAK7090														
Size 6½	HAK7065	Size 8	HAK7080																

## General Information

### Conformance:

HAIKA™ SYNTIS PX surgical gloves are manufactured and tested in accordance with EN455 parts 1, 2 & 3.

Registering Authority: In Europe the gloves are CE marked (notified body BSI, number 2797) indicating compliance with Council Directive 93/42/EEC, Annex V. HAIKA™ surgical gloves are a Class IIa product.

HAIKA™ is a brand of Globus; expert in hand protection solutions for the workplace and at home.

Note: Globus assumes no responsibility for the suitability of a user's glove selection for a specific application.
