

SAWFISH™

Nonconductive full-frame safety glasses with sleek curvature and inset TPR for superior all-day comfort

The Sawfish is a dielectric ultra-light full-frame design that boasts chiseled lines and sleek curvature. Featuring inset TPR on the nose bridge and temple ends, the Sawfish is truly adaptable to any environment.

FEATURES

- PFT - Performance Fog Technology lens: Better than traditional anti-fog! This water-washable, hydrophilic anti-fog lens coating is permanently bonded to the lens to absorb moisture and evenly disperse it, providing clear, fog-free vision
- AF - Anti-Fog lens: FSI brand hydrophobic anti-fog lens treatment greatly reduces fog in hot, humid, and variable temperature environments
- Precision lenses block blue light rays, which reduces eyestrain, increases visual acuity, and protects from the long-term effects of blue light exposure
- Dielectric/nonconductive construction
- Dual 8-base curve lenses for full protection and visual correctness
- Inset TPR nose bridge and temple ends comfortably secure eyewear and prevent slippage
- Variable tint lenses darken when exposed to UV light (outdoors) and return to original tint when UV light is removed (indoors)
- Meets ANSI/ISEA Z87.1-2020 standards and ANSI/ISEA Z87.1-2020 anti-fog properties standard

* Selected lens options only
