BULLHEAD SAFETY®
EYE PROTECTION

SPEARFISH®

Performance Fog Technology and built-in readers deliver clear vision and hands-free magnification

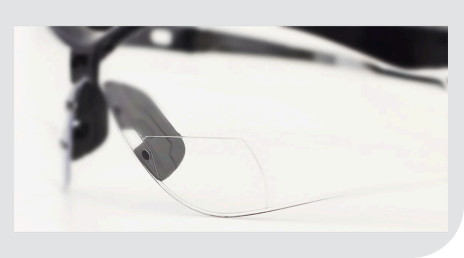

The Spearfish® Reader safety glasses combine eye protection, anti-fog performance, and built-in magnification for workers who frequently switch between detailed tasks and general jobsite activities. Featuring integrated bifocal readers, Performance Fog Technology (PFT) lenses, and a lightweight flexible half-frame design, they help maintain clear vision and all-day comfort in demanding environments. Vented temples, slip-resistant TPR contact points, and dual 8-base curve lenses further enhance comfort, stability, and protection, making the Spearfish Reader an ideal solution for manufacturing, maintenance, assembly, inspection, and warehouse applications.

LENS OPTION

- ◯ Clear

FEATURES

- PFT lens: This water-washable, hydrophilic anti-fog lens coating is bonded to the lens to absorb moisture and evenly disperse it.
- Integrated bifocal readers provide hands-free magnification, eliminating the need to glasses for close-up tasks
- Flexible half-frame design contours comfortably to the user's face, promoting all-day wearability and reduced fatigue
- Dual 8-base curve lenses have excellent visual clarity and coverage, helping enhance protection and workplace awareness
- Vented temples increase airflow and comfort, helping reduce heat buildup
- TPR nose piece and temple ends provide a secure, slip-resistant fit, keeping eyewear comfortably in place
- Integrated reader lenses improve close-up visibility for detailed tasks, reducing the need for separate reading glasses
- Includes a retainer cord for added convenience and security
