BG

Chemical splash safety goggles with anti-fog clarity and comfortable over-the-glass fit

Protect against liquid chemical splashes while maintaining clear visibility with these D3-rated indirect vented safety goggles. The anti-fog clear lens and four indirect vents help reduce fogging, while the soft PVC frame and adjustable elastic strap provide lasting comfort. Designed to fit comfortably over most prescription eyewear, these goggles offer dependable protection and all-day wearability for chemical handling, laboratory, and industrial applications.

LENS OPTIONS

- ◯ Clear

FEATURES

- AF (Anti-Fog) lens: FSI brand hydrophobic anti-fog lens treatment reduces fog in many variable temperature environments
- Indirect vent design protects against chemical splashes while allowing airflow to reduce heat and improve comfort
- Over-the-glass (OTG) design fits comfortably over most prescription eyewear
- Soft, flexible PVC frame provides a secure and comfortable seal for extended wear
- Four indirect vents promote air circulation to help minimize lens fogging without compromising splash protection
- D3-rated chemical splash protection delivers reliable defense against liquid splash hazards in demanding workplaces
- Adjustable elastic head strap ensures a secure fit across a wide range of head sizes
- Wide field of vision enhances situational awareness
