BG1

Direct-vented safety goggles with perforated frame and elastic strap for secure, breathable eye safety

The BG1 Direct-Vented Safety Goggle provides reliable eye protection with a lightweight, breathable design for all-day wear. Featuring a clear lens and a clear perforated PVC frame, the BG1 delivers excellent visibility while promoting airflow for enhanced comfort. Direct side vents help improve ventilation, reducing heat buildup during extended use. The flexible frame conforms comfortably to the face, while the adjustable elastic head strap ensures a secure fit in active work environments. Designed for general industrial applications, the BG1 offers an effective combination of protection, comfort, and visibility.
