BH2962

Streamlined wire mesh safety goggles that protect eyes, eliminate fog, and deliver a secure adjustable fit with impact protection.

These wire mesh safety goggles combine dependable eye protection with fog-free performance in a streamlined, low-profile design. The black wire mesh lens promotes airflow and eliminates fogging, helping maintain clear vision in demanding work environments. A durable matte black frame provides a rugged, professional appearance, while the wide adjustable elastic strap delivers a secure, comfortable fit throughout the workday. Lightweight and easy to wear, these goggles offer an effective solution for applications where eye protection and unobstructed visibility are essential. This style meets the ANSI/ISEA Z87.1 impact standards only.
