BH

Fits over prescription safety glasses with side view windows for enhanced peripheral vision and comfort

Designed for workers who wear prescription eyewear, the Over-The-Glass (OTG) safety glasses provide reliable protection without compromising comfort or visibility. The lightweight polycarbonate construction fits comfortably over most prescription glasses, while peripheral side-view windows enhance awareness with an expanded field of vision. Made from 100% virgin materials and featuring ANSI/ISEA-rated protection, these OTG safety glasses deliver the clarity, durability, and performance needed for industrial, manufacturing, and facility maintenance environments.

LENS OPTIONS

- ◯ Clear

FEATURES

- Designed to fit comfortably over prescription eyewear, providing a solution for workers who require corrective lenses
- Peripheral side-view windows improve visibility from multiple angles, enhancing situational awareness on the job
- High-quality polycarbonate construction delivers dependable impact protection while maintaining a lightweight feel
- ANSI/ISEA-rated protection helps safeguard against common workplace hazards, supporting compliance and worker safety
- 2-base curve lens design offers a comfortable, accommodating fit for wear over most prescription glasses
- Made from 100% virgin materials for exceptional optical clarity, helping reduce distortion and eye strain
- Lightweight frame promotes all-day comfort and wearability, encouraging consistent eye protection use
