

HLTE Royal

Chemical splash trouser

Chemsol HG Lite garments are crafted from a lightweight 305gm2 PVC/PU material blend and feature an anti-bacterial coating, offering durable chemical protection and reliable defense against the demands of washdown processes in the food industry.

Features

-  Elasticated waist ensures close fit
-  High waist and long back length for additional protection
-  Spray-tight coverage
-  Fabric is treated with an antibacterial finish
-  Stitched and high frequency welded seams
-  Garment can be reused if not contaminated or damaged
-  Pair with the HG Light jacket for full body protection
