

## Torq Photon™ High-Visibility Mechanic Gloves with Enhanced Impact and Abrasion Protection

### Description

These impact-resistant mechanic gloves are designed to protect hands in tough industrial environments. TPR impact protection shields knuckles and fingers from strikes, while the AireFlex® synthetic leather palm with padded reinforcements provides durable abrasion resistance. A high-visibility yellow/green back enhances worker visibility, and reinforced high-wear areas improve durability and hand protection. Three touchscreen-compatible fingertips allow continued device use without removing gloves, and a secure hook-and-loop wrist closure helps ensure a safe, stable fit on the job.

Each pair is individually hang-tagged for retail sale.

**TQ8500**  
8(M)-11(2XL)

### Features and Benefits

- AireFlex® synthetic leather palm
- High-visibility yellow/green stretchable spandex back offers a comfortable feel
- Black AireFlex® synthetic leather palm patches with internal padding provides cut protection
- Soft, flexible, high-visibility TPR impact protection over the fingers and metacarpal bones provides tough protection
- Black AireFlex® synthetic leather reinforced thumb crotch, fingertips, and fourchettes increases abrasion resistance (the fourchettes provide a more comfortable fitting glove with a precise fit and improved dexterity)
- Wing thumb for comfort, flexibility, and reduced stress on hands
- Three finger touch responsive fingertips for touchscreen devices
- Elastic cuff with hook-and-loop closure secures gloves to wrist to prevent loss or slipping
- EN 388:2016 + A1:2018 Levels: 2231X
- EN 388:2016 + A1:2018 Levels: 2231B (Reinforced palm portions only)

### Meets ANSI/ISEA 105-2016 standard (Reinforced Palm Areas)

- Cut Level A2
- ASTM F2992-15 Results = 518 grams
- Abrasion Level 4
- Puncture Level 3
- Puncture Results: 67 Newtons

### Meets ANSI/ISEA 138-2019 standard

- Impact Level (Fingers/Thumb): 2
- Impact Level (Knuckles): 2
- Impact Level (Overall): 2
