BULLHEAD SAFETY®
EYE PROTECTION

TETRA®

10-base curve safety glasses with telescopic temples and webbed paddle ends delivers secure, comfortable eye protection

The Tetra™ safety glasses combine advanced comfort features with dependable workplace protection. Designed with a 10-base curve wraparound lens, they provide outstanding coverage, peripheral visibility, and impact protection for demanding industrial environments. Telescoping temple arms, co-injected TPR-wrapped temples, and low-pressure webbed paddle ends create a secure, customized fit, while vented temples and a flexible TPR nose piece enhance airflow and long-wearing comfort. Lightweight yet durable, the Tetra is an excellent choice for manufacturing, construction, maintenance, warehousing, and general industrial applications where comfort and performance are equally important.

LENS OPTIONS

- Clear
- Gray
- Indoor/Outdoor
- Blue Mirror

FEATURES

- AF (Anti-Fog) lens: FSI brand hydrophobic anti-fog lens treatment reduces fog in many variable temperature environments
- 10-base curve wraparound lens provides exceptional coverage and visibility
- Telescoping temple arms allow for a customized fit, enhancing comfort and stability for a wide range of users
- Co-injected TPR-wrapped temples deliver a secure, slip-resistant grip, helping eyewear stay in place during active work
- Low-pressure webbed paddle temple ends distribute pressure more evenly, increasing comfort during extended wear
- Soft, flexible TPR nose piece provides a comfortable, non-slip fit, reducing movement and eyewear stay in place
- Vented nose piece and temples promote airflow, helping reduce heat buildup and improve all-day wearability
- Premium polycarbonate construction provides dependable protection and clarity
