SWORDFISH X

Lightweight slim-fit design safety glasses with adjustable nose pads for custom comfort and maximum protection

The Swordfish®X safety glasses deliver the proven performance of the Swordfish® in a trim-fit design tailored for smaller facial profiles. Featuring 9.5-base curve lenses for exceptional wraparound protection and peripheral visibility, the Swordfish®X provides the coverage workers need without the bulk of a standard-size frame. Adjustable nose pads allow for a customized, secure fit, while the lightweight sport-inspired design ensures lasting comfort throughout the workday. Ideal for manufacturing, construction, maintenance, warehousing, and general industrial applications, the Swordfish®X combines maximum protection with a fit designed for smaller faces.

LENS OPTIONS

- Silver Mirror

FEATURES

- Trim-fit design is specifically engineered for smaller facial profiles, providing a more secure and comfortable fit
- 9.5-base curve lenses deliver enhanced wraparound coverage, helping protect against hazards from multiple angles
- Slim-profile frame reduces gaps around the eyes, improving overall coverage and workplace protection
- Adjustable nose pads provide a customized fit, allowing users to fine-tune comfort and stability throughout the workday
- Lightweight construction promotes all-day wearability, helping reduce fatigue during extended shifts
- Excellent peripheral visibility supports greater situational awareness, enhancing safety in active work environments
- Sport-inspired styling offers a modern, professional appearance
- Retains the trusted protection of the Swordfish® glasses in a smaller fit
