## ASKYTEC Chemsol

## Bib 'n' Brace <br> with elasticated waist and ankles

Chemsol garments are crafted using a softer, more tactile $320 \mathrm{gm}^{2}$ EPVC/Polyester fabric, offering both durability and exceptional chemical protection. A lighter and more flexible alternative to traditional PVC garments.

## KEY FEATURES

A Elasticated waist ensures close fit
A Reinforced front bib for added protection
A Elasticated brace straps for added comfort and easy adjustment
A Elasticated ankle ensures a snug and secure fit
A Soft feel fabric for improved user comfort
A Stitched and high frequency welded seams
A Garment can be reused if not contaminated or damaged

## STORAGE AND MAINTENANCE

We recommend storing Chemsol garments in their original packaging, away from UV sources. After use, please follow the care instructions provided on the label. To remove any contamination, rinse the Chemsol clothing with cold water and allow it to drip dry in a shaded area, away from UV sources. It is advisable to store Chemsol clothing in a cool, dry, and clean environment.

NOTE: For hygiene purposes, it is recommended that the garment be worn by the same individual.

## CHEMICAL RESISTANCE DATA

For chemical permeation data, please contact our sales department at sales@globusgroup.com.

## COMPLIANCE STATEMENT - UK (UKCA)/EU (CE)

Product conforms to the requirement of: UK Regulation 2016/425 on PPE, brought into UK Law and amended \& Regulation (EU) 2016/425 of the European Parliament and of the Council as Personal Protective Equipment (PPE).
