

Nitrile, Powder-Free, Industrial-Grade, Lightweight, Royal Blue, 2.5-Mil, Textured Fingertips, 9.5-Inch Disposable Gloves

Description

These 2.5-mil powder-free disposable gloves are made from 100% nitrile and feature a rolled/beaded cuff and textured fingertips. They offer extreme, tactile dexterity without containing latex proteins. The key benefit of nitrile gloves is their outstanding chemical resistance. They are also three times more puncture resistant than rubber latex. Anti-static/electrostatic compliant for use in an ESD protected area.

INDUSTRY

Food Processing	Automotive
Food Service	Electronics
Food Preparation	Janitorial
Food Handling	Paint Line

Features

- Component materials comply with FDA regulations for food contact
- 100% powder-free nitrile, not made with natural rubber latex
