

Lens Arctic Blue Revo Anti-Fog

Frame Gray

Description

Engineered for professionals who demand both performance and style, the Navigator X redefines protective eyewear in industrial environments. With a sleek, sporty wayfarer-inspired frame, it combines advanced safety features with a modern aesthetic. Constructed using premium ECO bio-based materials, the Navigator X delivers lightweight durability while supporting sustainability goals. Designed for all-day wear, soft TPE temple tips and a pressure-free nose piece ensure superior comfort, even in high-intensity work conditions. The integrated fixed side shields offer enhanced lateral protection, minimizing risk from side impacts. UV400-rated lenses provide complete defense against harmful UV and solar radiation, while premium anti-fog and anti-scratch coatings maintain clear vision in challenging environments. These glasses meet the highest safety standards—without compromising on style, comfort, or performance.

Technology

This style features lenses constructed with the highest quality polycarbonate, temples made with Thermoplastic TR90, and the nose piece and temple ends made with Thermoplastic Elastomers (TPE) material.

Features

- Stylish and tapered design with the highest quality ECO Bio-based materials
- Lightweight full-frame design
- REVO lenses are designed to reduce glare and reflections which makes them highly effective in bright conditions. They offer superior protection against harsh sunlight and significantly reduce eye strain.
- Dual 6 base curve lenses give it a flat front-facing appearance
- Soft TPE temple tips and nose piece relieve discomfort to pressure points on the head and face
- Soft adjustable TPE nosepiece for enhanced comfort and fit
- All UV400 lenses are fully coated with a premium anti-fog and anti-scratch solution
- Transparent side shields for maximum protection against side impacts and improved peripheral vision
- Meets ANSI/ISEA Z87.1-2020 high impact standards
