

## FrogWear® HV Photoluminescent Surveyors Safety Vest with Reflective

### Description

This photoluminescent surveyor's safety vest is high-visibility yellow/green with lightweight mesh polyester. The split trim reflective design with photoluminescent (glow-in-the-dark) material between the reflective material, contrasting high-visibility orange trim, and reflective piping around the perimeter make this vest a premium option for dark conditions. The vest features a D-Ring opening on the back and mic tabs on the shoulders. Use the two neck grommets for lanyards/tethers and two lower front pocket grommets for tethers, flagging tape, and cables/wires. This vest has three outside and three inside pockets. Pockets include one lower left inside tablet/map/document pocket with a hook-and-loop closure and an inside right breast pocket with two tiers to include four pen/marker holders. Zipper closure provides a secure fit.

Each item is individually packaged in a polybag for retail sale.

ITEM **GLO-077**

SIZES **M-7XL**
