

FrogWear® Premium Waterproof Antimicrobial-Treated 12-Inch Chemical Handling Gloves

Description

These premium chemical-handling gloves have a super flexible, triple-dipped nitrile/PVC blended coating, blue smooth base coating with a black sandpaper second coating. Nitrile provides chemical resistance and blended with 70% PVC, adds additional flexibility. The antimicrobial-treated 18-gauge seamless nylon liner helps prevent unwanted bacteria. These gloves stay flexible in low temperatures and the sandpaper grip enhances the handling of slippery objects. The 12-inch length protects the arm while the pinked cuff improves donning and removal.
