

## FrogWear™ HV High-Visibility Orange Tapered Cooling Headband with Four-Way Stretch

### Description

This high-visibility orange tapered cooling headband is polyester/spandex microfiber. It has a four-way stretch and multiple wearing configurations: headband, hair tie, and wrist tie. This headband features UPF 30+ sun protection and evaporative cooling technology for an enhanced cooling experience and heat stress relief.

Each item is individually hang-tagged and polybagged for retail sale.

INDUSTRY

### Features

- Offers UPF 30+ protection
- Material offers evaporative cooling technology with breathability characteristics for an enhanced cooling experience and heat stress relief
- Four-way ultimate stretch
- Seamless soft, lightweight polyester/spandex microfiber material
- Three or more ways to wear including head band, hair tie, and wrist tie
- Provides additional comfort when worn underneath head protection items such as protective helmets as they provide more padding and help prevent sweat from running into the users' eyes

**ITEM HB-400 SIZES ONE SIZE FITS MOST**

- Tapered design reduces bulk in the back allowing for a more comfortable fit when worn with long hair
- Moisture wicking for sweat and perspiration relief
- Machine washable

- Soak 1-2 minutes in cool water, wring out excess water gently, enjoy cooling relief for several hours. Reactivate by submerging in cold water as needed.
