

Tsunami Grip® Double-Dipped Mach Finish Nitrile Coated Nylon Gloves are Anti-Static/Electrostatic Compliant

Description

These gloves feature a double-dipped black Mach Finish nitrile on a seamless gray 15-gauge nylon shell. The unique double-dipped black Mach Finish nitrile over solid nitrile coating provides a grip comparable to true foam/air-injected nitrile yet has more abrasion qualities. The dip is over three-quarters of the glove and will not saturate through the coating like foam/air-injected nitrile. The knit wrist cuff provides a comfortable, secure fit. Anti-static/electrostatic compliant for use in an ESD protected area.

	General Purpose

ITEM **530MFG** SIZES **7(S)-10(XL)**

Features

- Double-dipped Mach Finish nitrile offers excellent grip in wet and oily conditions and prevents liquids from saturating gloves
- Light nylon shell provides dexterity and comfort
- Fantastic dexterity, fit and feel
- Outstanding wet oil grip
- Knit wrist cuff offers users a secure, comfortable fit and prevents gloves from slipping off during use
- Anti-static/electrostatic compliant
- EN 388:2016 Levels: 4121X

Meets ANSI/ISEA 105-2016 standard

- Cut Level A1
- ASTM F2992-15 Results = 401 grams
- Abrasion Level 6
- Puncture Level 2
- Puncture Results: 42 Newtons
