

Lens Clear

Frame Clear with Blue

Description

Engineered for performance and comfort, Kosma™ eyewear delivers a sleek, sport-style design ideal for industrial environments where both protection and appearance matter. The frameless construction not only offers a lightweight feel but also maximizes peripheral vision for enhanced situational awareness. Designed to fit a wide range of face sizes, the soft TPE adjustable nosepiece and flexible temple tips provide all-day comfort and a secure, slip-free fit. The slim wraparound style ensures close protection without sacrificing breathability or mobility. Constructed with zero metal components, the eyewear is 100% metal-free—perfect for use in sensitive work areas or environments with electrical hazards.

Each pair comes supplied with a durable neck cord for easy access and convenience throughout the workday.

Technology

This style features lenses constructed with the highest quality polycarbonate and nosebridge made with Thermoplastic Elastomers (TPE) material.
