

Premium Split Cowhide Reinforced Leather Welders Gloves with Thermal-Knit Cotton Lining

Description

Premium shoulder split cowhide welding gloves. These gloves have a russet color and feature aramid fiber sewn stitching, a reinforced wing thumb, and a double-reinforced thumb crotch. They are 13 inches long with a gann cut pattern, a hemmed cuff, and a full semi-sock thermal-knit cotton lining for added heat protection. The welting in all vulnerable seams adds durability. The gloves are generously sized to reduce hand fatigue; a gauntlet cuff allows for quick removal and extends protection up the arm.

1200-LH is sold as left-handed only pairs.

INDUSTRY	
Welding	Spark Protection
Heat Applications	Fabrication
Flame Protection	Steel Construction

ITEM **1200**

SIZES **9(L)**

Features

- Continuous one-piece leather back
- Sewn with aramid fiber for added durability and heat resistance
- Welting in all vulnerable seams for added wear and protection
- Full semi-sock thermal-knit cotton lining for comfort and added heat protection
- Generous sizing to reduce hand fatigue
- Wing thumb for comfort, flexibility, and reduced stress on hands
