

Stream™ Evo Small Foam Gasket Insert

Description

Enhance your protection with the Riley® Stream™ Evo Small Foam Insert, designed to upgrade your Stream™ Evo Small safety glasses for extended wear and demanding environments. The precision-engineered TPE/foam surround attaches easily to the frame, creating a seal that delivers superior cushioning and reduces particle ingress around the eyes. Ideal for long shifts or dusty conditions, this accessory ensures enhanced comfort without compromising visibility or performance. This gasket maintains the lightweight balance of the original eyewear, weighing just 20g. Its ergonomic design complements the 9-base lens curvature and 130mm temple length, ensuring a secure and comfortable fit throughout the workday. With this simple yet effective upgrade, you can extend the versatility of your safety eyewear for improved endurance and protection on the job.
