

FrogWear® Mach Finish Double-Coated Nitrile Waterproof Chemical Resistant Gloves with Antimicrobial Protection

Description

These green, supported, chemical-resistant gloves have a layer of Mach Finish nitrile on the palm over a smooth nitrile base coating. The gloves are 12 inches long and feature a seamless 13-gauge polyester/cotton inner liner with Sanitized® antimicrobial protection. They are liquid-resistant and great for working with wet and oily liquids where extra grip is needed. The pinked cuff helps prevent liquid from running down the arm.

INDUSTRY

General Assembly	Automotive
Mechanical	Machinery
	Petrochemical

Features

- Double-dipped Mach Finish green nitrile offers excellent grip in wet and oily conditions and prevents liquids from saturating gloves
- Seamless 13-gauge polyester/cotton liner
- Sanitized® antimicrobial treated liner reduces bacteria that cause odors and can lead to dermatitis
- Not made with natural rubber latex
- Outstanding wet oil grip
- Waterproof
- 12 inches in length
- Pinked cuff improves donning and removal while retaining full length
- EN 388 Levels: 4121
