

## Torq™ Hail Highly Cut and Impact Resistant Gloves with Water-Repellent Shell and Reinforced Thumb Saddle

### Description

Our durable cut and impact resistant gloves are built tough for the harshest environments. Designed with a water-repellent synthetic leather palm layered over high cut-resistant fabric, these gloves offer the feel and dexterity of a classic mechanic's glove with advanced protection. Featuring molded TPR (Thermoplastic Rubber) zones across the knuckles, fingers, thumb, and back of the hand, these gloves deliver maximum impact resistance while following the natural movement of the hand to reduce fatigue. A reinforced thumb crotch/saddle extends glove life in high-wear areas, and the 360° water-repellent treatment keeps hands dry in wet conditions. The lightweight, stretchable spandex cuff ensures a snug fit and added flexibility, while the pull tab with an integrated ID area provides easy donning and worker identification.

### ITEM SKG00060C SIZES 8(M)-13(4XL)

### Features

- Water-repellent thin AireFlex® synthetic leather palm with a cut-resistant Aralene® liner keeps the feel of a mechanic's type glove
- Foam laminated spandex shell has high dexterity
- Water repellent shell
- Soft, flexible, high-visibility TPR impact protection over the fingers and metacarpal bones provides tough protection
- Ergonomically designed TPR and curved fingers follow the natural hand movement and reduce hand fatigue
- Reinforced thumb crotch increases abrasion resistance in vulnerable area
- ID card and pull tab on cuff
- Neoprene cuff with pull tab secures gloves and allows for easy donning
- EN 388:2016 + A1:2018 Levels: 4X44FP

### Meets ANSI/ISEA 105-2016 standard

- Cut Level A8 - palm only
- Abrasion Level 4
- Puncture Level 5

### Meets ANSI/ISEA 138-2019 standard

- Impact Level (Overall): 2
- Impact Level (Fingers/Thumb): 2
- Impact Level (Knuckles): 2
