

Gripster® Sport Premium Grain Goatskin Cut and Hypodermic Needle Resistant Gloves with Impact Protection

Description

Mechanics-style gloves that feature a premium-grade gold grain goatskin palm and back of the hand to the knuckles. These gloves provide extreme cut resistance and hypodermic needle puncture protection. The double palm has padding and is reinforced with Alycore®, see the diagram for a detailed explanation of Alycore® areas. The black spandex on the back of the hand below the knuckles provides a comfortable, breathable fit for the user. These gloves also have an Armortex® reinforced thumb crotch, AireFlex® synthetic leather fingertips and fourchettes, and a terry cloth thumb. The black TPU impact protection shields the fingers. The closure is a safety cuff with a hook-and-loop attachment for a secure fit that is also easy to remove. Seams have yellow DuPont™ Kevlar® fiber stitching for added durability and heat resistance.

Each pair is individually hang-tagged for retail sale.
