

Lens LED Performance Fog Technology (PFT)

Frame Black and Red

Description

The Sparta Pro™ delivers premium sports-design eyewear with reliable liquid and dust protection. Part of the compact and innovative Sparta™ range, it is engineered for all dust-prone environments and features a soft TPE full seal, wide field-of-vision lens, and a removable gasket for adaptable protection. Adjustable, slim temples and ventilated temple tips ensure a secure, comfortable fit for all face shapes while maintaining excellent compatibility with other PPE. Providing goggle-level defense against liquid splash and large dust particles, Sparta Pro™ offers high-performance protection without the bulk—fully metal-free for added safety and durability.

MEETS ANSI/ISEA Z87.1-2020 STANDARDS

MEETS ANTI-FOG STANDARD

FREE FROM METAL COMPONENTS

ANTI-SCRATCH HARD COAT TREATED LENS

PERMANENT HYDROPHILIC COATING

RELIEVES FATIGUE FROM BLUE LIGHT

FILTERS 99.9% UVA/UVB/UV C LIGHT RAYS

Technology

This style features lenses constructed with the highest quality polycarbonate, temples made with Thermoplastic TR90, and the nose piece and temple ends made with Thermoplastic Elastomers (TPE) material.

Features

- Tecton 400 Coating: Better than traditional anti-fog, this hydrophilic anti-fog lens coating is a strong, durable coating made for spreading condensation into a transparent film rather than droplets, providing clear, fog-free vision
- UV400 coating is a UV absorber added into the polycarbonate material, which enhances protective capabilities against harmful UV rays
- Precision lenses block blue light rays, which reduces eyestrain, increases visual acuity, and protects from the long-term effects of blue light exposure
- Removable foam gasket is a reliable dust shield allowing for adaptable protection
- Panoramic lenses offer full wraparound protection and optimum vision
- Slim temples enhance comfort when worn with ear protection
- Soft, ventilated temple tips provide a comfortable, secure fit
- Dielectric/nonconductive construction
- 100% metal free
- Soft, adjustable, anti-slip nose bridge
- Meets ANSI/ISEA Z87.1-2020 high impact standards
- Meets ANSI/ISEA Z87.1-2020 anti-fog properties standard
- Comes in a microfiber pouch made from 100% recycled material, no single use packaging.
