PFT

PERFORMANCE FOG TECHNOLOGY

BH9G

Optional removable flame-resistant foam gasket is available for all Dorado® safety glasses.

*Optional see below

LENS Blue Mirror Performance Fog Technology Polarized

FRAME Shiny Black

DESCRIPTION

The lightweight, contemporary full frame of the Dorado® features dual lenses for improved protection and 100% visual correctness. Comfort-fit rubber temples and nose pieces prevent eyewear from slipping while also providing maximum comfort. This model features polarized, precision lenses, which filter out bent light waves reducing glare, eye fatigue, and decreasing reflection off surfaces such as water, sand, and snow. The BH95129PFT also features a PFT lens. Thanks to its chemical and physical properties, Performance Fog Technology is a permanent coating that prevents the formation of condensation on the lenses by absorbing the humidity drops.

BH9G - optional removable flame-resistant foam gasket available for all Dorado® safety glasses.

FEATURES

- Polarized lenses filter out bent light waves eliminating glare, eye fatigue, and decreasing reflection from surfaces such as water, sand, and snow
- PFT - Performance Fog Technology lens: Better than traditional anti-fog! This water-washable, hydrophilic anti-fog lens coating is permanently bonded to the lens to absorb moisture and evenly disperse it, providing clear, fog-free vision
- Precision lenses block blue light rays, which reduces eyestrain, increases visual acuity, and protects from the long-term effects of blue light exposure

TECHNOLOGY

All Bullhead Safety® Eyewear is made from 100% virgin materials. This style features lenses and frames constructed with the highest quality polycarbonate.

Z87+
MEETS ANSI/ISEA Z87.1-2020 STANDARDS

ANSI/ISEA Z87.1-2020 ANTI-FOG
MEETS ANTI-FOG STANDARD

ANTI-FOG
HYDROPHOBIC TREATMENT REDUCES FOG

ARC FLASH TESTED
ARC FLASH TESTED TO 35 CAL/CM²

BALLISTIC RATED
MEETS MILITARY SPECS FOR BALLISTICS

HARD COAT
ANTI-SCRATCH HARD COAT TREATED LENS

PERFORMANCE FOG TECHNOLOGY
PERMANENT HYDROPHILIC COATING

POLARIZED
FILTERS OUT GLARES AND REFLECTIONS
