

Torq™ Thunder Premium Cut and Impact Resistant Goatskin Leather Gloves with Tuffalene® UHMWPE Liner

Description

Designed for professionals who demand both high performance and lasting comfort, this impact-resistant glove is expertly crafted from A-grade premium goatskin leather—offering exceptional softness, dexterity, and enhanced abrasion resistance for tough jobs. A 360° Tuffalene® UHMWPE inner liner delivers superior cut protection while maintaining breathability and comfort for all-day wear. Ergonomically placed TPR (thermoplastic rubber) panels on the fingers and back of the hand absorb impacts without restricting movement, combining safety with flexibility. The high-visibility yellow/green design on the impact enhances visibility in low-light conditions, while the keystone thumb construction improves durability and range of motion. Reinforced with double-stitched aramid fiber thread in high-stress areas, the glove is built to withstand demanding environments. Additional features like a shirred elastic back, cotton cuff binding, and an anatomically contoured fit provide a secure, fatigue-reducing grip for extended use.
