

Lens Gray Anti-Fog

Frame Shiny Black

Description

Engineered for professionals who demand performance and style, the Cypher™ safety eyewear delivers cutting-edge protection in a sleek, aerodynamic 8-base design. Its soft, co-injected temples and adjustable anti-slip nose bridge ensure all-day comfort and a secure fit, even in the most demanding environments. Featuring Riley's advanced lens technologies, Cypher is available with multiple color and coating options, including Tecton™ and Arida™ for enhanced scratch resistance and anti-fog performance. The sports-inspired wraparound lens maximizes visual coverage and impact protection.

Each pair is supplied with a microfibre storage pouch for easy care and lasting clarity.

Technology

This style features lenses constructed with the highest quality polycarbonate, temples made with polycarbonate and Thermoplastic Elastomers (TPE), and the nose piece and temple ends made with TPE material.
