

TRUSTED IN PROPERTY SERVICES FOR 30 YEARS

The West Sussex property market is amongst the strongest across the UK, and in harder times, it holds its ground and is very resilient. The unique mix of larger towns, villages and rural areas means it's one of the most varied, with much of the region being within easy travelling distance of beautiful countryside, the coast, London and major airports.

Our diverse catchment area means we specialise in a

wide range of property with expert local knowledge in sales and lettings. In addition our knowledgeable teams deal with land, new homes and commercial properties, as well as auctions.

Our branch network is strategically placed with offices in Storrington and Pulborough, while our London Mayfair Office serves the growing demand for property in our region from the London and international markets.
