# How GO1 can help your business

1

## Catering for your training needs

After understanding your training needs we can help you determine which training courses from GO1 Premium or our marketplace can meet your training requirements.

2

## Getting your new training into your system

All GO1 courses can be shared into third party LMS systems. Our customer success team can assist you with uploading your new courses into your system.

3

## Becoming your training partner

If you need new or additional courses, simply reach out to GO1 to add more licenses or source new courses for new teams, skillsets or subject areas.

# Add courses to your system

All GO1 courses can be used in GO1's own online training platform or shared into third party LMS systems;

by using LTI (Learning Tools Interoperability) or as SCORM files that can be used in any modern LMS. With access to your system, our customer success team may also be able to assist you with uploading your new courses into your system for you to begin delivering to your teams.
